TRAMP BURNED BOY

Takes Horrible Vengeance When Refused Food.

MOTHER WAS ALSO ATTACED

Fiend Saturated Child's Clothing With Oil and Then Applied Match. Enraged Citizens Scouring Country for Murderer.

Okuawka, Ill., Oct. 4.—Because he had been refused food an unknown tramp took horrible vengeance Thursday, beating Mrs. John Hathaway to unconsciousness and then tying her 4-year-old son to a tree and burning him to death.

Enraged farmers and citizens of the this place are scouring the country for the murderer, threatening to execute him as he did the boy.

Mrs. Hathaway, whose home is two miles from here, lay unconscious for an hour after the assault of the fiend. The latter meanwhile dragged her son into the orchard, where he tied the lad to an apple tree, saturated his clothing with oil, set the garments on fire and left.

Recovering consciousness, the mother went in search of her son, finding him fearfully burned, but still gasping for breath. The child lingered until 9 o'clock when death relieved him of his terrible agony.

NOTABLE OCCURRENCE.

Fifteen Governors Attend Dinner Given to President Roosevelt.

Cairo, Ills., Oct. 4.—When President Roosevelt stepped ashore here at 9 o'clock Thursday morning he manifested every evidence of having spent a comfortable night on the boat Mississippi and his spoken word confirmed the impression. He retired about midnight and there was little to disturb his rest except two or three demonstrations on the shore which though violent while they lasted, were of necessarily brief duration.

The president was the guest at dinner of the steamer Alton of the Business Men's league of St. Louis.

The dinner was regarded by all as an event of rare occurrence, and when the president had said his final farewell, not a few were heard to remark that it would become history.

The occasion was notable in that in addition to the president it was attended by no fewer than 15 governors and members of inland waterway commissions and several representatives of the business world of St. Louis. The governors attending were Governors Comer of Alabama, Broward of Florida, Dineen of Illinois, Cummins of Iowa, Hoch of Kansas, Blanchard of Louisiana, Folk of Missouri, Sheldon of Nebraska, Curry of New Mexico, Burke of North Dakota, Davidson of Wisconsin, Breeks of Wyoming, Frantz of Oklahoma,, Chamberlain of Oregon and Governor-elect Noel of Mississippi.

THEATERS ON SHIPBOARD.

Performances on the Big Liners by Regular Players.

Liverpool, Oct. 4.—It was announced Thursday that the Cunard steamship company had accepted the offer of Charles Frohman to give theatrical performances on the big liners by regular players, who for the time being may be traveling to and from the United States and England.

The company is now planning specially designed halls for plays and concerts on board three of the ships of the line.

Other trans-Atlantic companies are considering Mr. Frohman's proposition.

New Postal Rate Effective.

Washington, Oct. 4.—The new foreign postal rate, adopted at the universal postal convention in Rome, became effective Tuesday. Foreign postage hereafter will be 5 cents for the first ounce and 3 cents for each additional ounce. The new rate applies to all countries except Canada, Mexico and Cuba, where the domestic rate of 2 cents for each half ounce will be continued.

URGED TO STAY HYSTERIA WAVE

Only the Business Men Can Turn the Tide, Says Senator Foraker.

Cincinnati, Ohio, Oct. 4.—Denunnates from critics of the efforts of the president to enforce the laws of the country and bring offenders to justice," concluded the address of U. S. Senator Foraker before the grain dealers' national convention in this city Wednesday afternoon.

Senator Foraker first reviewed legislation on transportation and rate matters, and declared that he had "an abiding faith that the waves of hysteria in which we have been engulfed are subsiding."

He discussed the recent faling off in Wall street valuations and the growing lack of confidence that has resulted, and spoke briefly of the inability of railroads to market enough securities to enable them to make needed improvements and enlargements. In conclusion he said:

"I am optimistic enough to believe that the turn of the tide will come before we reach the stages of panic and disaster but it must come soon, or be too late to avert consequences of the most harmful character.

"Only the business men of the country can turn this tide, and they can turn it only by showing confidence in each other and in our future. In that behalf it behooves them to discountenance and frown upon all kinds of pessimism, especially that which emanates from critics of the efforts of the president to enforce the laws of the country and bring offenders to justice."

TURBULENT MEETING.

Almost a Riot at Session of Birmingham City Council.

Birmingham, Ala., Oct. 4.—In what was probably the most dramatic scene ever witnessed at a council meeting in Birmingham, Mayor Geo. B. Ward Wednesday presided over the police department. The president of the council, John L. Parker, who was put in control during the mayor's recent absence in Europe, attemtped to preside but was put down b ythe chief of police.

The meeting was full of turbulence and the word "liar" was used so freely that numerous arrests had to be made because of the disorder. The sensation was the culmination of the charges of grafting which were publicly made on Monday against two aldermen by Mayor Ward.

The feeling against the mayor was very bitter and but for the police he might have been put out of the council chamber.

ONE KILLED; THREE INJURED.

Peculiar Accident at Plant of Chattanooga Electric Company.

Chattanooga, Tenn., Oct. 4.—One man is dead, one probably fatally injured, and two others seriously hurt as a result of a peculiar accident at the plant of the Chattanooga Electric company Wednesday morning.

They were working on a scaffold 75 feet from the ground, and on the inside of a huge smokestack, when the scaffold broke, the men falling to the ground.

The dead man is George Smith, negro.

The injured: Ross Hooley, white, arm crushed, thigh broken and body severely bruised; arm will have to be amputated; Thomas McCall, member of contracting firm of McCall Bros., of Racine, Wis., may be internally injured; Harry Carson, bricklayer, seriously injured.

Brunswick Bonds Sold.

Brunswick, Ga., Oct. 4.—Bids were opened Tuesday by the county commissioners for the proposed issue of $75,000 worth of bonds for courthouse and new jail. W. J. Hayes & Son, of Cleveland, O., were awarded the entire issue. They are 5 per cent gold bonds, failing due at rate of $10,000 per year, commencing 1910. Par was paid for same.

Rev. James M. King Dead.

Philadelphia, Pa., Oct. 4.—The Rev. James M. King, LL.D., executive head of the Board of Home missions and church extension of the Methodist Episcopal church, and known throughout the world of Methodism, died at his home here Thursday.

"CITY OF SAVANNAH"

New Steamship For New York and Savannah Line.

SHE IS 403 FEET IN LENGTH

Her Carrying Capacity, It Is Said, Excells that of All the Other Nine Vessels Operated by the New York and Savannah Line.

New York, Oct. 4.—The new steamship, City of Savannah, the latest addition to the New York and Savannah line, came into port Thursday to await the start of her maiden voyage to Savannah next Tuesday.

The City of Savannah exceeds all other ships of the line in carrying capacity. She is 403 feet long and 49 feet in width, with a cargo capacity of 5,900 tons. The vessel will accommodate 116 first-class cabin passengers, thirty-six intermediate class passengers and sixty steerage passengers.

The Savannah line, or the Ocean Steamship company, was organized in 1874. The line has nine steamships plying between this port and Savannah, but the carrying capacities of all these vessels would not equal that of the new City of Savannah.

MET DEATH ON TRESTLE.

Man Struck by Big Freight Engine Near Macon, Ga.

Macon, Ga., Oct. 4.—While trying to escape from a trestle on the Southern railway, opposite Riverside cemetery, Henry Harley, a white man, apparently 50 years of age, was knocked 15 to 20 feet through the air to the ground and instantly killed by a big freight engine that bore down upon him while he was walking across the bridge. It was an extra freight, southbound, and the engine was in charge of W. C. Rentz, a trusted engineer of the Southern.

When his train rounded a curve on the river's edge and struck the stretch of track where the pedestrian could be seen, Engineer Rentz had no power to stop the long train of heavy cars, and the pilot beam struck Hartley on the hip. But ten inches would have saved his life, but excitement led him into a method of escape resulting in death.

STANDARD OIL SUIT.

Attorney Claims Company Has Completely Monopolized Market.

New York, Oct. 4.—Frank B. Kellogg, counsel for the government in its suit to dissolve the Standard Oil company of New Jersey, will attempt to show that trust methods in restraining trade have resulted in railroads being unable to purchase any lubricating oil except from the Standard at such prices as the Standard chooses to charge. Mr. Kellogg expects to show that these charges are exorbitant.

The Standard according to Mr. Kellogg's claim, has completely monopolized the lubricating all market and has either bought out or driven out practically every rival.

100 Special Guards on Duty.

New Orleans, La., Oct. 3.—One hundred special guards went on duty at the Stuyvesant docks of the Illinois Central railroad Wednesday in anticipation of the threatened levee strike involving 8,000 to 10,000 laborers. The strike extends slowly, two crews of longshoremen quiting the steamers whose crews were set to loading. Between 1,000 and 2,000 men have now formally struck, while hundreds of others are idle and waiting only to be ordered to work before joining the strike.

Alabama's School Fund.

Montgomery, Ala., Oct. 4.—It has been ascertained by Auditor Brandon that the amount available for the schools of the state for the year beginning Oct. 1 is $1,534,507.87, which will provide for a per capita of $2.07, quite an increase over any other year. Last year the amount was in round figures $1,150,000, and the per capita $1.56.

TRIAL OF DR. ROWLAND.

Crowds Pack Raleigh Court House to Hear Evidence in Case.

Raleigh, N. C., Oct. 4.—In the trial of Dr. D. S. Rowland and his wife, Lillie M. Rowland, charged with the murder by poison on the 6th of April of Engineer Charles B. Strange, the present Mrs. Rowland being then his wife, the state introduced many witnesses, while the crowd overran the capacity of the court house.

The fight of the state is, first, to show that Strange was a healthy man and had no heart disease, as the defense is relying upon witnesses to show that the sudden death within two hours of the time that Dr. Rowland gave him a hypodermic injection was caused by heart disease, while the state introduced a witness Wednesday who is relied upon to show that the symptoms were from an alkali poison, though no trace of poison was found in the stomach of Strange.

Many witnesses testified to Mr. Strange's good health up to the day befor ehe died and that for a period of three or four years he had stated that he had no heart disease.

The defense in its cross-examination is bringing out records to show that Strange was off duty for sickness and that in five weeks after Strange's death Dr. Rowland and Mrs. Strange took a night Pullman trip together to Norfolk on the 14th of May, 1907, and were married there on the 15th.

DUCHESS' BODY IN MORGUE.

Old Woman Pauper Claimed to Be of the German Nobility.

New York, Oct. 4.—The body of an old woman who called herself the "Duchess of Beckenburg," and who always claimed she rightfully possessed the title, lies in the morgue and unless some one claims it, it will be taken to the potters' field.

The ducness was found dead in her squalid little apartment in an old section of New York known as Greenwich village. She died from heart disease. The woman used to explain that she came to this country from Germany years ago with her husband. They were to travel, but they did not leave New York, because her husband lost large sums of money at gambling. When he had lost all their means he committed suicide, and she pawned her jewels to defray his funeral expenses. She cabled to Germany to friends to help her, but none ever answered her. She lived on bread and peanuts so far as she could get them.

GEORGIA STATE FAIR.

It Will Open on Thursday Next—Attractive Features.

Atlanta, Oct. 4.—The Georgia state fair will open one week from Thursday.

With its scope greatly enlarged and with many new features and attractions the annual show this season will inaugurate the most successful meet in a number of years, even outrivaling the fair that was held in 1905. The sixteen days shows from Oct. 10 to 26 will present one of the most varied and pleasing programs that has ever been given.

In addition to the industrial and agricultural displays that will make the fair an exposition of Georgia's resources, there will be a number of distinguished people present and a program that will arouse the greatest interest.

Only Three Offices Affected.

New York, Oct. 4.—A threatened strike of printing pressmen in job printing plants throughout the country, which was scheduled to go into effect Wednesday in offices which declined to yield to the demands of the International Pressmen's and Assistants' unions, affected only three offices in Chicago, according to advices received at the United Typotheta's headquarters in this city.

$12,000,000 Mortgage Filed.

Augusta, Ga., Oct. 4.—A first mortgage on a twelve million dollar issue of Georgia and Florida railroad bonds was filed with the clerk of the superior court of Richmond county on Tuesday. The understanding is that the issue first made shall not exceed six million and that the twelve mil[illegible] shall represent the point beyond which the issue may never go

COUNT WINS HEIRESS

Austrian Nobleman to Wed Miss Gladys Vanderbilt.

RICHEST HEIRESS IN WORLD

Count Szechenyi Has Arrived from Austria and His Engagement to a Daughter of the Vanderbilts Is Soon To Be Announced.

New York, Oct. 4.—Advices from Newport, R. I., report the arrival there of Count Landislaus Szzechenyi, of Austria, and say that the formal annonucement of his engagement to Miss Gladys Moore Vanderbilt, daughter of the late Cornelius Vanderbilt, and one of the richest heiresses in the country, is soon expected.

Miss Vanderbilt met the count at the railway station in Newport, and drove him to "The Breakers," the famous Vanderbilt palace, which, it is stated, was opened Wednesday for the first time in two years, presumably for the count's return.

Miss Vanderbilt, the dispatches state, spent the whole day with the count in drives and walks and when she was not alone with him her mother was an enthusiastic third party. The count arrived from Bremen late Tuesday night. Alfred and Reginald Vanderbilt met the count ,whisked him off in a motor car for a hasty supper alone at one of their clubs and later saw that he was installed in a private car bound for Newport.

Newport's first impression of the count, it is stated, was decidedly favorable. Numerous entertainments will be given for him and Miss Vanderbilt within the next week.

Count Szecheneyi is 28 years old, rich, good looking and a lieutenant in the king's imperial huzzars.

Miss Gladys is just past her twenty-first birthday when she was allotted her share of her father's vast estate, the share amounting, it is estimated, to about $12,500,000.

The Herald says it is authorized to announce the engagement of Miss Vanderbilt and Count Szechenyi.

FARMER'S UNION MET.

Thirty-Eight Unions Represented at Meeting In Rome Ga.

Rome, Ga., Oct. 4.—The Floyd County Farmers' union met Wednesday in the court house here with 38 local unions represented.

The question of holding cotton was discussed, and it was universally decided that every reasonable effort would be made to keep as much of the cotton off the market for the next 30 days as possible.

The meeting had a particular significance, as the farmers of Floyd county are greatly interested in the work of the union just at this time, and are taking an active part because of alleged misleading statements as to the crop in Georgia, which have operated to lower the price of cotton to the injury of the farmer.

It is understood that these high estimates are distasteful to a large number of the members of the union of Floyd county, and that all condemn them. Resolutions on the subject were passed.

Held Court by Telephone.

Muncie, Ind., Oct. 4.—With the aid of the long distance telephone Judge Frank B. Gass, of the Muncie police court, finds it not burdensome to attend a state lodge meeting as an officer and do his court work here. At the opening of court the judge's bench was unoccupied, but near it sat Court Bailiff Ira Coons, who had taken the pleas in half a dozen cases and then transmitted them and answered questions to the court at the other end of the telephone line.

Paris Doctors Raise Rates.

Paris, Oct. 4.—The members of the Medical Society of Charenton, a large suburb of Paris, at a recent meeting decided to raise rates to patients owing to the rise in the cost of living. The decision has caused widespread excitement in the community and a call for a meeting of protest has been issued.

PENDREL IN NEW YORK.

Well-Known Transportation Man Enjoying His Vacation.

John Pendrel, the well-known and popular traveling passenger agent of the Clyde Line, who spends two-thirds of his time in Florida among his friends, and would like to spend the other one-third if his employers did not push him North each year, was last heard from in Rochester, N. Y., where he was spending a day or two with his old friend, Chas. R. Hollinger, a former transportation man and at one time one of the most widely known steamboat traffic men in Florida. Mr. Hollinger is also well known, for years being head steward, in charge of headquarters, of the famous Hart Ocklawaha River Line, when the Hart steamers were making double-daily trips up the far-famed Ocklawaha, the Riveria of America, and when even then the commodious steamers of this line could not accommodate all who applied for passage.

Mr. Hollinger, who will be remembered by many Gainesville people in what may now be termed the pioneer days, is now profitably engaged in the insurance business, declaring that steamboat life was too strenuous a career for him—notwithstanding that he made up his mind in this direction after he had served about twenty years at the business.

Mr. Pendrel writes that the weather is quite cool in that section of the country, and, notwithstanding the fact that he had just "lit" in New York State, he was ready to come home.

A Delightful Surprise.

A number of the young friends of Miss Winnefred Pedrick, daughter of Mr. and Mrs. Chas. C. Pedrick, gave her a delightful surprise party Thursday evening, which was in fact a surprise.

Miss Pedrick, however, with her usual clever disposition, was equal to the occasion, and bade her friends welcome. She entertained them in a most hospitable manner during the evening, and all who attended reported it the most successful "surprise" they had ever witnessed.

Miss Pedrick, who is a winsome young lady, is becoming quite popular among the members of the young set here. Possessed of that open, frank and sincere disposition which has always characterized her, it is no effort for her to control the friendship and confidence of all whom she meets.

Henry E. Jones of Tampa, Fla., writes: "I can thank God for my present health, due to Foley's Kidney Cure. I tried doctors and all kinds of kidney cures, but nothing done me much good till I took Foley's Kidney Cure. Four bottles cured me, and I have no more pain in my back and shoulders. I am 62 years old, and suffered long, but thanks to Foley's Kidney Cure I am well and can walk and enjoy myself. It is a pleasure to recommend it to those needing a kidney medicine. J. W. AUSTIN MILLER MAKES CHANGE.

Well-Known Gainesville Young Man Enters the University of Virginia.

Austin Miller, a Gainesville boy of whom all Gainesville feels proud, has entered the University of Virginia at Charlottesville, where he will finish his education. The University of Virginia stands foremost among the educational institutions of the world, and when Mr. Miller receives his sheepskin from that institution he may feel sure that he is all right.

Mr. Miller, who is the bright son of Mr. and Mrs. Phillip Miller of this city, has been a student of the University of the South, Sewanee, Tenn., for the past three or four years. This is in itself a magnificent institution of learning, but the young man had advanced so far that it became necessary to raise his grade. His numerous friends here congratulate him upon his superior knowledge, especially for one of his age, and predict for him a future successful life.

MR. MANASSE COMMENDED.

Gainesville Minister Appreciates His Generosity to Orphanage.

Dear Sun: I notice with profound interest that Mr. J. Manasse has an advertisement in your paper in which he offers to give ten per cent of all cash sales at his place of business today to the Orphans' Home at Arcadia, Fla. This is indeed commendable of him, and I sincerely hope the towns people will take advantage of this kind offer and means of helping that most worthy institution. It has fifty-two homeless, and otherwise friendless boys and girls to feed, clothe, educate, and bring up to honorable man and womanhood. Nine of these went from Alachua county, and four from the city of Gainesville. I shall personally appreciate the interest the trading public may manifest in this very commendable act.

S. B. ROGERS.

An Old-Time Conductor.

Captain M. R. Gilmer of High Springs, one of the popular bell-cord yankers of the Atlantic Coast Line, was among those who spent Friday in Gainesville.

Captain Gilmer is well known here, being one of the pioneer conductors of the Atlantic Coast Line, being in charge of what is known as the "Moonlight Express" before the through trains were put on. This "express" consisted usually of about 25 to 75 box cars, heavily loaded, to which was attached a combination passenger coach, leaving High Springs at 6 o'clock at night and arriving at Rochelle, the southern destination, at "any old time." Captain Gilmer, by his clever manner, made himself popular by keeping the passengers in a good humor—and he has never lost that popularity, as those who had occasion to travel with him those days remember it.

The Marriage Docket.

As usual, with the approach of chilly weather—the least bit chilly—the marriage docket, unlike the thermometer, begins to go up instead of down. Clerk Mason, who is holding down the chair of County Judge Mason during his absence in Virginia with the dignity of a sure-enough judge, has been kept busy for the past two days writing licenses. He had the satisfaction of writing more licenses during these two days than were issued during the entire month of September, to say nothing of those who secured licenses in other counties and were residents of this county.

Among the licenses issued were A. A. Burke and Mollie L. Swindle, E. H. Godwin and Willie Grand, white; Harry Short and Claudie Mathews, Steve Tompkins and Minnie Strickland, J. B. Williams and Bessie Shorn, J. L. Herrington and Mary Green, colored.

Wanted—Hardwood Timber.

The Brown-Jenings Hardwood Company of Lake Butler, Florida, are in the market for large quantities of hickory, white oak and ash timber.

They offer to buy it either in the log or sawed into plank. Now that the price of pine is off, this is an opportunity for sawmills to work on lumber in which there is a profit, as we are offering fancy prices for such lumber. This also affords the tie men, who are equipped with teams, a chance to get out logs at a good figure.

THE VALUE OF PERSONAL KNOWLEDGE

Personal knowledge is the winning factor in the culminating contests of this competitive age and when of ample character it places its fortunate possessor in the front ranks of

The Well Informed of the World.

A vast fund of personal knowledge is really essential to the achievement of the highest excellence in any field of human effort.

A Knowledge of Forms, Knowledge of Functions and Knowledge of Products are all of the utmost value and in questions of life and health when a true and wholesome remedy is desired it should be remembered that Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co., is an ethical product which has met with the approval of the most eminent physicians and gives universal satisfaction, because it is a remedy of

Known Quality, Known Excellence and Known Component Parts and has won the valuable patronage of millions of the Well Informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of—Syrup of Figs—and to get its beneficial effects, always note, when purchasing the full name of the Company—California Fig Syrup Co.—printed on the front of every package, whether you call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna.

Funeral of Rev. DeBose.

The funeral of Rev. Alexander DeBose, the pioneer colored minister who died Thursday, was held Friday from Mt. Pleasant M. E. church (colored), and was largely attended, not only by members of his own church, but by all denominations, many white people being among those present.

There were in all about 1,000 at the church, and fifty-one teams attended the interment at the cemetery. There were ministers of the conference present from Jacksonville, Ocala and many other places, as well as all the colored ministers of the city.

IT IS FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herpicide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpicide." Besides, Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dye. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

NEWS OF CITY AND COUNTY CONDENSED

Dr. W. A. McGriff of Micanopy, proprietor of one of the leading drug stores of that section of the county, was a business visitor to this city yesterday.

Mr. and Mrs. Boardman of Hague were in the city yesterday. Mrs. Boardman has been on a visit to relatives at Rochelle, and Mr. Boardman came to Gainesville to meet her en route home.

H. Earl Hooks of Clermont, brother of H. K. Hooks, agent of the Southern Express Company, has arrived in the city and accepted a position as salesman at the clothing store of Morris-Phifer Company. He is a young man of pleasing manners and will no doubt make many friends.

No home is so pleasant, regardless of the comforts that money will buy, as when the entire family is in perfect health. A bottle of Orino Laxative Fruit Syrup costs 50 cents. It will cure every member of the family of constipation, sick headache or stomach trouble. J. W. McCollum & Co.

Dr. J. M. Masters, a prominent physician and surgeon of Newport, Tenn., is in the city. Dr. Masters owns one of the largest sanitariums in the South and proposes to establish two in this State—one at Bartow Junction and one at Pass-a-Grille, in Tampa Bay, some time during November.

W. N. Camp of Ocala and B. F. Camp of White Springs, two well-known citizens of their respective sections, are in the city. The former is engaged extensively in the mining of phosphate, while the latter is the senior member of the big lumber firm which bears his name at White Springs.

Work on the well at the waterworks pumping station is progressing slowly but surely. The well is down now in the neighborhood of 200 feet, and the drills are going through what appears to be flint rock. The contractor, however, appears to be contented, as he states he expected obstacles of this nature.

In most cases consumption results from a neglected or improperly treated cold. Foley's Honey and Tar cures the most obstinate coughs and prevents serious results. It costs you no more than the unknown preparations and you should insist upon having the genuine in the yellow package. J. W. McCollum & Co.

J. L. Rent, a prominent citizen and well-to-do farmer of Lee, Madison county, is in the city, having come on business connected with the United States land office. Mr. Rent says he has always heard of Gainesville being a progressive town, and he is glad to see that these reports are true. He is well pleased with the city.

Harry Kendall, who has been residing on the corner of East Church street and Prairie avenue—at least, who has been "batching" there since his wife went North several months ago—moved yesterday into a new cottage on North Franklin street. Mr. Kendall expects his wife and baby in a short time, and is preparing for their reception. He has a nice new cottage of six rooms and bath.

Clerk of the Court S. H. Wienges, with a desire to save labor and be up-to-date, has received a new book-writing machine, which he will install in his office. The machine works upon the same principle as a typewriter, but is placed in position on top of the book in which it is desired to write. It is not only a great labor and time-saver, but produces a very superior quality of work.

Among the visitors to this city is S. J. Jones, member of the firm of R. C. Davis & Co., State agents for the Fay-Sholes typewriter. Mr. Jones has been in this section of the State but very little, but is making friends wherever he "hangs up his hat." This territory is usually covered by R. C. Davis, who is well known. Mr Jones taking care of the office and local work in Jacksonville and territory north.

One of the best arranged establishments in the city is the fresh meat and grocery store of W. D. Fagan & Co. The market is completely screened from the grocery department, and everything is as neat as a pin. L. T. Roux, one of the best "cutters" in the State, is in charge of the fresh-meat department, while W. D. and E. K. Fagan give their personal supervision to the whole establishment. They are enjoying an excellent trade.

Col. John B. Dell, formerly of this city, later of Hague, again of this city and now of Hague, was in the city yesterday. Col. Dell found it necessary eventually to, Hommat-like, "go to the mountain," which is his farm, instead of trying to induce the "mountain" to come to him. He has one of the best and most prolific farms in the county, but finally, after two or three moves, decided that it was more profitable to look after his own interests in the country.

The Georgia State Fair will be held at Atlanta, Ga., October 10th to the 26th. The date of sale for these tickets will be from October 10th to October 25th inclusive. Parties in the State of Florida who desire to take this trip can get rates either from Jacksonville or Live Oak at the very much reduced rate of $8.85 from Live Oak and return, or $10.35 from Jacksonville and return. Final limit of the tickets is not later but up to midnight of October 28th. These tickets entitle party's admission to the grounds. For further and detailed information, write to Frank C. Boylston, District Passenger Agent, Atlantic Coast Line, Jacksonville, Fla.

HAWTHORN COTTON SITUATION.

Farmers as a Rule Are Holding, But Number of Bales Have Been Sold.

F. J. Hammond, merchant and cotton buyer of Hawthorn, who spent Friday in this city, is authority for the statement that, while the crop it is anticipated will be short in his section, the plant is opening quite rapidly, and is being gathered and ginned as fast as possible. Like other sections of the county, however, pickers are scarce, and some of the planters are experiencing a great deal of difficulty in getting their crop gathered.

The gins have been quite busy, despite these adverse conditions, and a large quantity of cotton has been ginned so far this season, considering everything.

The farmers as a rule are holding their cotton, although about fifty bales have been sold at an average of 29¾ cents a pound. Buyers appear anxious to secure the staple, and are now offering 30 cents, but growers are slow to sell.

There is quite a lot of cotton stored in the warehouses at Hawthorn.

A Failure.

"When she gave you the piece of cake, did you say 'Thank you?'"

"Yes, ma, but it didn't do no good."

"Didn't do any good?"

"No; she didn't give me another piece."

Three things too much and three too little are pernicious to man—to speak much and know little, to spend much and have little, to presume much and be worth little.—Cervantes.

PRAYERS BEFORE BATTLE.

Curious Invocations by Famous Historical Personages.

One of the earliest records in history of a prayer before battle is that of Childeric, king of Gaul, a pagan, who before going into battle at Zuelpich, some 400 years after Christ, prayed to the God of the Christians to help him to victory. His foe was Attila, king of the Huns, and Childeric vowed if God would give him the victory he would embrace the Christian faith.

The prayer of a Hungarian officer before one of the battles fought for the independence of Hungary in 1849 was as follows: "I will not ask thee, Lord, to help us, and I know thou wilt not help the Austrians, but if thou wilt sit on yonder hill thou shalt not be ashamed of thy children." This was the prayer of the "Fighting Bishop" Leslie before one of the battles fought in Ireland: "O God, for our unworthiness we are not fit to claim thy help, but if we are bad our enemies are worse, and if thou seest not meet to help us we pray thee help them not, but stand thou neuter on this day and leave it to the arm of the flesh."

The one offered before the battle of Edgehill by Sir Jacob Astley was, "Thou knowest, O Lord, that I shall be very busy this day, and if I forget thee forget thou not me," and then the command followed, "March on, boys!" As King Edward advanced with his columns to Bannockburn he remarked to his aids, seeing the Scotch on their knees: "See, they kneel. The rebels are asking pardon." D'Umphraville was heard to remark: "Yes, but it is to the King of kings. These men conquer or die on this field."

Oliver Cromwell had public prayers before going to battle on several occasions, as, for instance, previous to the battle of Dunbar. It is a curious fact that the English prayer book contains prayers, or at least one prayer, to be said before going into action at sea, while nothing is provided for use before engagements on land.

Classed as an Antique Also.

A charming hostess of one of the "big houses," as they are called by those who are welcomed into them, has the added beauty of prematurely white hair, says the Washington Star. That which seems to her contemporaries an added charm may appear to the crudely young a mark of decline, at least so it appears in one instance of which the hostess herself tells with enjoyment.

The lady is a connoisseur of antiques. At one of her teas a debutante rich with the glow of youth, but sadly constrained with her sense of her own novelty, was handed a cup of tea. The cup was beautifully blue and wonderfully old. The hostess, desiring to lighten the strain on her youthful guest by a pleasingly diverting remark, said, "That little cup is 150 years old."

"Oh," came the debutante's high strained tones, "how careful you must be to have kept it so long!"

Trades That Kill.

One of the most dangerous of trades, according to the Pilgrim, "is the covering of toy animals with skin, chamois leather being used, for instance, for the elephants, calfskin for the horse and goatskin for the camels. This covering must of course fit without a wrinkle to look natural, so the wooden model is first dipped into glue, then sprinkled with chalk dust; then the skin is put on. The chalk is so fine that it fills the air and is drawn into the throat and lungs. A year of this sort of work often results in death. Another very injurious toy is the rubber balloon. The fumes and solvents used in reducing sheet rubber to the necessary thinness while retaining its strength and the dyeing of the brilliant yellows, greens and purple are most of them poisonous.

A Swelled Head.

A typical Englishwoman, when some one spoke the other day of a certain man having a "swelled head," looked dazed. "Really! You don't mean it!" cried the Englishwoman. "I'm very sorry." A day or so later the Englishwoman, happening to meet the wife of the man in question, observed that she was so sorry to hear that Mr. Blank was ill.

"But he isn't!" cried the wife. "He was never better in his life."

"Is that so?" said the Englishwoman. "Why, what could Mrs. Dash have meant the other day when she said he was suffering from a swelled head?"

COTTON MERCHANTS MEET.

About Two Hundred Delegates Are In Attendance.

Washington, Oct. 4—The National Association of Cotton Merchants convened here Thursday in semi-annual session for a two days' meeting.

About 200 delegates representing nearly every section of this country and over a hundred cotton merchants from England, Germany, Italy, France, Portugal and Belgium were in attendance.

The convention here is preparatory to the iternational conference of cotton growers, spinners and manufacturers, which will be held in Atlanta on Oct. 7 to 9th. The foreign delegates will also attend the Atlanta, Ga., convention.

The program for Thursday's sessions was an interesting one. Secretary of Agriculture Wilson opened the convention with an address followed by discussions of the following subjects:

"General Questions of Cotton Mill Fires," by Charles H. Fish, of Dover, New Hampshire.

"Cotton Manufacturing and Fiber Waste," H. L. Phillips, of Hartford, Conn.

"An Analysis of Usage," George Otis Draper, Hopedale, Mass.

"Black Is White in Customs Administration," E. A. Hartshorn, of New York.

ALLEGE 600 OFFENSES.

Suits Against Telephone Companies Entered in Arkansas.

Memphis, Tenn., Oct. 4.—A special from Hot Springs, Ark., says:

Alleging six hundred offenses in violation of the anti trust laws of the state District Attorney H. B. Means has entered suit against the Southern Telephone and Telegraph company and the Southwestern Telegrapn and Telephone company asking that penalities aggregating $3,000,000 be assessed. The complaint states that prior to May 1, 1905, the Southwestern corporation was the only one in the local field and that shortly afterwards the Southern was organized for the avowed purpose of competition and that it established plants here. The state alleges that by means of this pretended competition, the new company acquired several thousand new contracts and shortly afterward sold out to the Southwestern.

It is claimed that was a ruse to defeat the law against pools, combines and trusts.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Making Good.

There is no way of making *lasting* friends like "Making Good;" and Doctor Pierce's medicines well exemplify this, and their friends, after more than two decades of popularity, are numbered by the hundreds of thousands. They have "made good" and they have *not* made drunkards.

A good, honest, square-deal medicine of known composition is **Dr. Pierce's Golden Medical Discovery.** It still enjoys an immense sale, while most of the preparations that have come into prominence in the earlier period of its popularity have "gone by the board" and are never more heard of. There must be some reason for this long-time popularity and that is to be found in its superior merits. When once given a fair trial for weak stomach, or for liver and blood affections, its superior curative qualities are soon manifest; hence it has survived and grown in popular favor, while scores of less meritorious articles have suddenly flashed into favor for a brief period and then been as soon forgotten.

For a torpid liver with its attendant indigestion, dyspepsia, headache, perhaps dizziness, foul breath, nasty coated tongue, with bitter taste, loss of appetite, with distress after eating, nervousness and debility, nothing is so good as Dr. Pierce's Golden Medical Discovery. It's an honest, square-deal medicine with all its ingredients printed on bottle-wrapper—no secret, no hocus-pocus humbug, therefore *don't accept a substitute* that the dealer may possibly make a little bigger profit. *Insist* on your right to have what you call for.

Don't buy **Dr. Pierce's Favorite Prescription** expecting it to prove a "cure-all." It is only advised for woman's *special* ailments. It makes weak women strong and sick women well. Less advertised than some preparations sold for like purposes, its sterling curative virtues still maintain its position in the front rank, where it stood over two decades ago. As an invigorating tonic and strengthening nervine it is unequaled. It won't satisfy those who want "booze," for there is not a drop of alcohol in it.

Dr. Pierce's Pleasant Pellets, the *original* Little Liver Pills, although the first pill of their kind in the market, still lead, and when once tried are ever afterwards in favor. Easy to take as candy—one to three a dose. Much *imitated* but *never equaled*.

Merritt Resigns Office.

Atlanta, Ga., Oct. 4.—State School Commissioner W. B. Merritt Thursday tendered his resignation to Governor Smith, to take effect January 1, and the governor appointed Prof. J. M. Pound, of the State Industrial college at Milledgeville, to succeed him. Commissioner Merritt will retire from educational work, and will, it is understood, enter the lumber business in Florida. Professor Pound is a well known educator, and has been connected for some time past with the State Agricultural school at Milledgeville. He was for a number of years president of Gordon institute at Barnesville, and is widely known in educational circles in this state.

Druggist's Blunder Fatal to Two.

Bluefield, W. Va., Oct. 4.—George Akers and wife, who lived at Oakdale, 10 miles east of this city, are dead as the result of taking strychnine through mistake. Akers and his wife had been ill and the husband went to a store at Oakdale to procure quinine. He returned to his home, where he and his wife took a good-sized dose each of what they believed to be quinine. The wife lived only a few minutes, but the husband crawled to a neighbor's house and told what disposition should be made of his property. Then he died. The two victims had been married less than two years.

That Tired Feeling.

If you are languid, depressed, incapable for work, it indicates that your liver is out of order. Herbine will assist nature to throw off headaches, rheumatism and ailments akin to nervousness and restore the energies and vitality of sound and perfect health. J. J. Hubbard, Temple, Texas, writes, "I have used Herbine for the past two years. It has done me more good than all the doctors. It is the best medicine ever made for chills and fever." 50c. Sold by W. M. Johnson.

Supposed Case of Suicide.

Lothair, Ga., Oct. 4.—Leonard Gillis, of this place, while with a hunting party near the Oconee river, shot himself with his shotgun, the top of his head being torn off by te discharge. While none of the party were with him at the time, it is thought that young Gillis committed suicide.

Students Flee from Flames.

Ardmore, I. T., Oct. 4—Hargrove college, a school for whites and Indians, was destroyed by fire here on Wednesday morning. Two hundred students sleeping in the dormitories escaped safely though all lost their personal belongings. Loss estimated at $30,000.

HIS SKULL WAS CRUSHED.

Fatal Difficulty Occurred Near Dalton, Whitfield County, Ga.

Dalton, Ga., Oct. 4.—Chester Wilson, a prominent young farmer living in th enorthern part of the county, died Wednesday as a result of being struck on the back of the head with a heavy wagon brake stick, while engaged in a war of words on Thursday of last week, with two boys by the name of Warnick.

While engaged in conversation with Jim Warnick, it is alleged, his brother, Claud Warnick, stepped up and hit Wilson a terrible blow, crushing his skull.

Jim Warnick was arrested, but his brother escaped and Wednesday Sheriff Johnson offered a reward of $200 for his arrest. Young Wilson is a son of County Commissioner J. A. Wilson, and has a large and influential connection in the county.

SALUTED BY AERIAL BOMBS.

Taft, Secretry of War, Is Given Ovation at Kyoto Japan.

Japan, Oct. 4.—Secretary Taft, Mrs. Taft and their party arrived at Kyoto at 7:30 Thursday morning. Mr. Taft was fatigued but in good spirits. The approach of the train to Kyoto was signalled by salvos of aerial explosions of bombs.

German Count Kuroki, the famous commander of the Japanese right army in Manchuria, met Mr. Taft on his arrival at Kyoto and invited the party to an informal luncheon, after which the male travelers visited many points of interest. Mrs. Taft, however, preferred to go shopping.

Accountant Mysteriously Disappears.

New Orleans, La., Oct. 4.—Clark Steen, one of the accountants who investigated the $116,000 shortage recently in State Tax Clerk Letten's books, has disappeared under suspicious circumstances. Clothing identified as his was found in an old empty skiff in Lake Ponchartrain on Wednesday with a note indicating he had committed suicide. Personal financial affairs are given by Steen's friends as the probable cause of the trouble. Steen was accountant and confidential man of the New Orleans dock board, where his accounts are straight.

Another Polar Expedition.

North Sydney, N. S., Oct. 4—The American auxiliary schooner yacht, John R. Bradley, which left here in July for the arctic regions, arrived here late Tuesday. The Bradley landed Dr. F. H. Cook, who is in command of an exploring expedition at Smith's sound, latitude 79 north. The expedition expects to cross Ellsmereland early in the spring, and will attempt to reach the pole by way of the polar sea.

Coca-Cola ANALYZED

All over the U. S. and in foreign countries the remarkable popularity of Coca-Cola has drawn upon itself the attention and in some cases the criticism of Health and Pure Food Authorities. As a direct consequence Coca-Cola has been carefully analyzed in every section by the most eminent chemists, and never in a single instance has a derogatory report been returned. In fact the consensus of findings is that "THERE IS ABSOLUTELY NOTHING IN COCA-COLA ANY MORE HARMFUL THAN IS FOUND IN TEA OR COFFEE."

LOG CART NUISANCE.

The Sun has repeatedly called attention to the matter of heavy log carts invading the streets of the city with their heavy timbers, which plough up the thoroughfares and render them almost impassable. The streets are in miserable enough condition as it is, and these carts make them much worse, if such thing is possible.

For a year these teams have been using Arredondo street, with serious results. This street having been rendered in such a poor condition, they have changed their route to West Court and Pleasant streets, and at the present rate it will not be a great while before the condition of these thoroughfares will be deplorable.

There is a law against the driving of log carts on public highways, even in the country where the roads are frequently worked, and the authorities should at least protect the thoroughfares of the city.

Streets around the public square are being scraped, and the sand which has accumulated on the surface of the rock pavement is being hauled off and deposited in places which badly needed filling in. Let the good work continue, for it is high time the people were seeing something done with the hard earned money they have paid out for taxes.

The saloon men did not win in Escambia county by such a large majority as first reported. Of the 23 election precincts 16 voted against selling and seven for selling. The county went wet by 170 majority in a total vote of 3,148. The negroes are said to have voted the wet ticket almost to a man.

There is at least one seaport town in Florida in which whiskey cannot be legally sold. At the recent election in Franklin county Carrabelle gave a majority of 92 against licensing saloons. Apalachicola, however, went wet by 113 majority.

One liquor dealer alone paid twenty-seven thousand dollars for license to do business in Jacksonville the coming year. Why a man with that much money should engage in such a business is beyond our comprehension.

The Florida State Fair will be held at Tampa next February, from the 11th to the 21st inclusive. Every preparation is being made to make it the most successful fair ever held in the State.

Bob McNamee, who looks like Napoleon, did not meet his Waterloo in Pensacola, but The Banner says he will meet it in Ocala.

THE NOVEMBER ELECTIONS.

Besides Massachusetts, only six other States will this year vote for State officers. New York will elect two justices of the court of appeals. Kentucky, Maryland, Mississippi, New Jersey and Rhode Island will elect governors and other State officers. All of the elections will be held on November 5th.

Of these States Kentucky, Maryland, Mississippi and Rhode Island have Democratic governors; the two others are Republican. The significance of off-year elections is not as great as it used to be, inasmuch as State issues now frequently dominate the campaigns, in the absence of any great "burning" National issue upon which the parties are sharply divided. Yet, as this is the year before the Presidential election, the fact is recalled that when, in 1883, Foraker was defeated for governor of Ohio by George Hoadley, and other States witnessed a slump in the Republican vote, the wiseacres foresaw, or afterwards thought they did, the reaction which carried Grover Cleveland into the White House the next year. So in 1895, when Kentucky and Maryland elected Republican governors, the leaders of that party looked forward confidently to the victory which came the next year. Again in 1891, when the Democrats elected Flower in New York and Boies in Iowa, there was a falling off in the Republican majorities in other States.

The real contests this year will be in Massachusetts, where it is expected that Mr. Whitney will lead a vigorous campaign for tariff reduction and reciprocity; in New Jersey, where Republican divisions and the "reform wave" give to the leaders of that party some apprehension, and in Rhode Island, where the Democrats hope to carry again. Maryland, too, has joined the doubtful column. The Republican majority in 1900 was just about equalled by the Democrats in 1902, and in 1904 Roosevelt carried the State by only fifty-one. It is fighting ground this year.

Massachusetts has started the campaign earlier than any other of the States. Nowhere else has there been so much hot weather politics as the preliminary canvass has developed there. A good many people have seen in this another argument in favor of biennial elections. Of what advantage is it to anybody except the office-seekers, the lobbyists and the other professional politicians to have these annual stir-ups, nobody has yet given a rational idea.

The Punta Gorda Herald says of the artesian well in that town: "Those who are complimenting Punta Gorda's great artesian well should know that the natural force beneath it sent a solid eight-inch column of water through a vertical pipe twenty-three feet high, and the contractor said that the power is sufficient to lift that column of water to a height of fifty feet. This suggests great possibilities." A well of such force might afford power enough for some minor industries, provided the sinking of other wells does not diminish the pressure.—Jacksonville Times-Union. Just imagine what such an artesian well would be worth to Gainesville. So far, however, all efforts to secure a flowing well here have proved a failure. This is either the hardest place in the State to bore a well, or those who have attempted the work have not been equipped with the proper machinery.

Governor Hughes of New York is evidently trying valiantly to "keep in the thought" when he says "an end has come to plundering the public."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address

The New York Commercial says "the increase of alcoholism among women in some of the larger cities of the world is one of the striking evils of the day and one against which society and science must battle. It is asserted by physicians that women victims of alcohol are more difficult to cure than men and that they are more likely to enter the class of incurables. Taking the official statistics furnished by Germany, which are believed to be applicable to other lands, it is found that women form a larger and larger percentage of the alcoholics. Already in Germany fully 10 per cent are women, and agitation is on for public institutions for their special treatment. Only a small proportion of the cases can be treated by the private societies that have, up to this time, been shouldering all the burden possible. Church and charitable societies have done what they could among the poorer classes in Germany, but the progress of intemperance among women there is not stayed as yet. In New York the increase of intemperance among women being — most lamentably — largely among the better-conditioned and educated classes, the need of different remedial means is evident. A better public sentiment, as well as more special treatment, is demanded. It is a serious problem growing more difficult as the solution is deferred.

Editor Jordan's specialty is fish yarns and he draws the line at snakes. In the last number of The Punta Gorda Herald he thus vents his indignation on a brother editor: "Brother Appleyard, of The Lake City Index, has an insinuating way of referring all improbable snake stories to The Herald's editor for verification or adumbration. Hang it man! we don't drink, this is a dry county." However wet the subjects of his interesting naratives may habitually be we presume the South Florida recorder of piscatorial episodes wishes it understood that he is teetotally "dry" himself.—Jacksonville Times-Union.

Southern manufacturers of cotton goods are beginning to see the need of ordinary technical training for the more promising of their operatives. Provisions of this kind have been made in the town of Spray, N. C., where there are a dozen or more cotton mills in operation. Private contributions together with an appropriation of $5,000 by the State Legislature are combined to furnish instruction for those who are ambitious enough to embrace the opportunity.

After years of guessng as to why the ordinary phonograph was ever invented, we find it serving a purpose in life as chief instructor in schools to teach parrots.

Great Demonstration Made in Boise, Idaho, Over the Event.

Boise, Idaho, Oct. 4.—United States Senator William E. Borah was acquitted of the charge of conspiracy to defraud the government of Idaho timber lands.

The case was submitted without argument by the defense and the jury was out just long enough to take one ballot.

The verdict was greeted with cheers and applause, which the court officers made no effort to restrain. As soon as the news reached the street, bells were rung and the fire department made a spectacular run through the principal streets, stopping eventually at the Idaho hotel, where Senator Borah, surrounded by several hundred citizens, was escorted.

A brass band appeared as if by magic and as the senator reached the hotel, played "Hail to the Chief."

The streets about the hotel were blocked by a cheering throng whose shouts mingled with the fire engines' whistles and clangs of trolley car bells.

Senator Borah thanked the people for their demonstration of confidence in him throughout the trial.

Horse Jumped Through Window.

Paducah, Ky., Oct. 3.—Thrown from their buggy, as the horse jumped through a 14-foot plateglass window on Broadway, Mrs. W. F. Johnson and sister, Miss Mollie Sullivan, were seriously injured while 4-year-old "Buster Brown" Johnson sat amid the falling glass unharmed. Broadway was crowded with shop girls and business men returning from work when the horse scared at a car, took the sidewalk and jumped into the window. Both women alighted in the mass of broken glass.

Recovered $2,000 from Saloonist.

Montgomery, W. Va., Oct. 4—Mrs. Ellen Lloyd has recovered a judgment against S. O. Payne, saloonist, for $2,000 damages for the sale of liquors to her husband, Samuel Lloyd, an habitual drunkard. This is the first case of the kind ever brought in the county, and saloon men are alarmed at the prospects of a deluge of similar suits.

Senator Platt Sued for Divorce.

New York, Oct. 2.—Miss Catherine Wood, the former government clerk, who has been suing U. S. Senator T. C. Platt for several years, has brought action in the supreme court for absolute divorce from the senator, alleging that she had been married to him in the Fifth avenue hotel, New York, in 1901.

Bell Clapper Fell, Panic Ensued.

St. Petersburg, Oct. 2—The tongue of a bell in the steeple of the Church of the Resurrection here, weighing 1,600 pounds, fell during the morning service Tuesday creating a panic and endangering the chapel recetly erected over the spot where Emperor Alexander II was assassinated in 1881.

Bride's Awful Fate.

Indianapolis, Ind., Oct. 4.—Mrs. Charles Krauss, of 1319 Eugene street, a bride of two weeks, was probably fatally burned by the explosion of a gasoline stove. Her body and face were literally cooked.

Alienists Want $25,000.

New York, Oct. 4—Ten of District Attorney Jerome's alienists in the trial of Harry K. Thaw, it is announced, have rendered bills for their services. The total of these bills is slightly in excess of $23,000.

Blew Out His Brains.

Tiffin, Ohio, Oct. 3.—Temporarily insane from illness, Irving A. Leister aged 29, secured a shotgun and fired with the muzzle pointed at his temple, the entire charge going through his brain.

The Danger of Soap.

When a man goes to some thermal springs to "boil out" all the old Satan that is in him he quickly learns one of the more important lessons of life and civilization—that is, he acquires a supreme contempt for soap. When he takes his first tub, at 99 to 102 degrees, twenty minutes in the water to soak, the attendant gives him a terrible scrubbing, using a sharp soap and a loofa. After that first bath no more soap is used. The man continues to soak daily in water of the same temperature for twenty minutes and is rubbed with the loofa, but no soap. "Soap," the expert attendant will tell you, "clogs up the pores of the skin. Our object is to keep 'em open. We cure all diseases by giving the pores a chance to breathe and excrete." Your hands chap? Wherefore? Because when you last washed them you neglected to rinse them thoroughly. You left the pores clogged with soap. Your complexion is muddy. Wherefore? You forgot to wash the soap off your cheeks. Hereafter rinse, rinse, rinse. Keep on rinsing. Continually rinse.—St. Louis Post-Dispatch.

Grotesque Spanish Honor.

There is a story about the Duke of Wellington that illustrates the fantastic idea of honor held by many Spaniards, contrasted with the practical common sense of Englishmen. When the duke was co-operating with the Spanish army in the peninsula against Napoleon he was desirous on one occasion, during a general engagement that the general commanding the Spanish contingent should execute a certain movement on the field. He communicated the wish to the Spaniard personally and was somewhat taken aback to be told that the honor of the king of Spain and his army would compel him to refuse the request unless Wellington, as a foreign officer graciously permitted to exist and fight on Spanish soil, should present the petition on his knees. The old duke often used to tell the story afterward, and he would say, "Now, I was extremely anxious to have the movement executed, and I didn't care a 'twopenny damn' about getting on my knees, so down I jumped!"

Accidental.

Allee—How did you come to meet your second husband, Grace? Grace—It was purely accidental. He ran over my first one with a motor car and afterward attended the funeral.

A Crash.

"John, what was that awful noise in the bathroom just now?"

"Don't worry, my dear," replied John sleepily. "It was merely a crash towel falling."—Milwaukee Sentinel.

Opinion.

Opinion is a light, vain, crude and imperfect thing settled in the imagination, but never arriving at the understanding, there to obtain the tincture of reason.—Ben Jonson.

OLD BIRDS' NESTS.

Many Feathered Creatures Use the Same Ones Year After Year.

"That common expression for worthlessness, 'It has no more value than a last year's bird's nest'" said a bird fancier, "is often far from correct. The majority of our birds do leave their nests after raising a brood, but many do not, and their nests are used through a succession of years. I have known some birds to use their nests ten years in succession, and so persistent are they that many times the female will return even after the nest has been robbed and the mate killed. Among these users of perennial nests are the wrens, some of the swallow family, bluebirds, great crested flycatchers, some of the owls, eagles, chickadees and some woodpeckers.

"They repair to the nest each year and often build it over. A little wren has made its nest in a hole in a tree in my garden and has occupied it for the last eight years. Each year it has piled on new stuff till the hole is almost filled up. Some say that as soon as it becomes crowded the birds will clean it out. I know of a bluebird's nest that has been occupied for several years. It is the same female year after year, for she has two black wing feathers and is lame.

"Birds that build in exposed situations, like hangbirds, always build anew each season, and some others build anew for every brood. Some never build. They either lay in the nests of other birds or in the sand. The eagle and the owl make a framework of sticks and slight repairs are needed. Many birds' nests that you find have never been used. For instance, the marsh wren builds several with the idea that in the case of disturbance the male will attract attention to the nests other than that in which the female is brooding and so shield her from enemies."

An Ishmaelite of the Plains.

The dead thing, wherever it lies, still remains the coyote's choicest feast. A creature without a friend, an Ishmaelite whom men and animals have combined in despising, the ideal thief and vagabond of the animal world, this gray, gaunt figurehead of the western world still survives, as much the owner of his empire as he was in the days when his ancestors looked with cock eared astonishment and staccato exclamations upon the expedition of Lewis and Clark feeling its way slowly across that transmissouri wilderness whose future was then undreamed.—James W. Steele in Outing Magazine.

Snuff Taking in London.

Snuff taking is a common habit among certain classes of the London poor. It shows its effects in rambling speech, pallid aspect and dejected demeanor, resembling the symptoms of the morphia taker. The practice is especially common among women, and an observer says that women in the prisoner's dock in the police court will have their hair decorated with curl papers which contain each the pinch of snuff needed for consolation.

Its Advantage.

Knicker—Why do you prefer serial stories?

Flatter—Because it's the only thing on the installment plan they can't take away.

Not Very Flattering.

She—Emma is the prettiest, but Lena is the smartest. Now, which would you rather marry, beauty or brains? He (very far gone)—Neither. I'd rather marry you.

Conceit may puff a man up, but it can never prop him up.—Ruskin.

HOW BONNER WON SUCCESS

The career of Robert Bonner, the veteran publisher, furnishes a signal illustration of the value of persistent and sagacious advertising. When he began the publication of the paper whose phenomenal success brought him fame and fortune, he did not wait for the people to find out, slowly and gradually, the interesting features of his journal.

He forced his enterprise upon public attention by a systematic lavishness of expenditure for advertising which at that time was without precedent or parallel. Whole pages of daily newspapers were secured at high prices to blazon forth the merits of his undertaking.

From one end of the country to the other the names of Bonner and his Ledger were made familiar to the people by constant repetition.

Conservative publishers, jogging along in the ruts of old routine, prophesied bankruptcy and ruin for this unconventional innovator, but Bonner kept on spending a large share of his receipts in buying publicity, and those receipts increased with startling rapidity.

Every dollar disbursed in this way brought in more dollars until croakers were confounded and pessimists in this particular branch of business silenced by his tremendous success.

The lesson is one that is as well worth heeding today as it was forty years ago.—Philadelphia Bulletin.

Large space in this paper is one of the best investments a merchant can make.
